

# TWIN CREEKS DISTRICT EXTENSION AGENTS

---

## Jenilee Godsey Youth Agriculture Agent

Jenilee grew up on her family's farrow-finish hog operation outside of a small town in southwest Missouri, where they also raised a few head of beef cattle. She was an active and avid member of 4-H and FFA, which led her to discovering her passion for the meat industry. She attended Fort Scott Community College on a meat judging scholarship, and eventually returned to coach the team to a number of National Championships before moving to Kansas to be with her husband, Grady. Together, they recently welcomed their first child, Wylan. Jenilee received her Bachelor's Degree in Animal Science from Missouri State University. In her spare time Jenilee enjoys spending time with family, raising show pigs with her husband, and photography.

Jenilee's educational program with the District focuses on bringing livestock and crop education to the youth of our District. She has led programs such as the virtual Swine Across Kansas series, showmanship clinics, carcass and meat judging clinics, and more.
